Interest, 844.15

Grand total, \$49027.30.

I have also in my custody Calumet County, Miss., road bonds aggregating to \$5,000.00 to secure the county funds on deposit with the Hancock County Bank as county depository.

Extra set two screws for pier, or total \$4722.45.

PETER J. BOUDIN.

The examination of the personal roll being begun and not concluded, it is ordered that the Board adjourn until tomorrow morning at 9 o'clock.

H. S. WESTON, President.

THURSDAY MORNING.

Board met pursuant to adjournment. Present, as on yesterday.

Ordered by the Board that the following amounts be allowed and paid out of the General County Fund, as per bills on file, examined and approved, to-wit:

SAMUEL C. LADNER, Treasurer of Hancock Co., Miss.

STATE OF MISSISSIPPI,) 108.00

Chas. B. Murphy, Inspector, 125.00

With acknowledgments to C. C. A.

and he swapped his grouch for a smile

GOSH BUT that trolley.

WAS ALMOST as bad.

AS IF I'd missed.

ALL THE candidates.

FOR PRESIDENT in.

WHENEVER THE CAR AWAYED.

I SAT on the lap.

OF A dumpy lady.

MY BRAID new derby.

WAS BUNK without a trace.

AND A garlic breath.

BLEW DOWN my neck.

AND MY foot went to sleep.

AND THE rest of me.

ENVIED MY foot.

AND I WAS sore.

YES, GOOD and sore.

AND THEN a chap.

WHO CAUGHT my eye.

CHEERED ME up.

WITH A jolly grin.

AND SAID to me.

"NO GROUCHES now."

AND HONEST, I said nothing.

IT WAS me.

OF A cigarette.

BUT I'LL say this.

IF THE ed alone.

CAN CHASE & STUN,

THE CIGARETTE.

THEMSELVES MUST do.

WHAT THE car card said.

"THEY SATISFY."

I'LL SAY they do.

IT WILL tickle you to bad out how good Turkish and Domestic tobacco taste when smoked in the extreme Chesterfield way. They do satisfy. And you're plain to find out about Chesterfield. Keep firm and fresh in their special moisture-proof package.

Chesterfield
They Satisfy!

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Touppalas, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."

"This winter I was taken with grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, blisters, belching gas, indigestion, catarrh of the large and small intestine, name some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

Acid Stomach Makes the Body Sour

Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong its victim cannot long withstand the health-destroying effects of an acid stomach.

Good news for millions of sufferers. Chemists have found a sure remedy—one takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet relieves relief.

Guests of a day never know how a husband and wife really get along together.

A BRIGHT, CLEAR COMPLEXION

is always admired, and it is the laudable ambition of every woman to do all she can to make herself attractive. Many of our southern women have found that Tetterine is invaluable for clearing up blotches, itchy patches, etc., and making the skin soft and velvety. The worst cases of eczema and other torturing skin diseases yield to Tetterine. Sold by druggists or sent by mail for 50¢ by Shuptrine Co., Savannah, Ga.—Adv.

DEATH WAS NEAR

Florida Woman in Critical Condition From Drown, But Doan's Electro Receptor

"Drops brought me right down to the shadow of the grave," says Mrs. Ida B. Atwell, 304 William St., Key West, Fla. "For fifteen years I was a hopeless wreck, struggling between life and death. The pain was so severe it was in my back. I screamed in agony. My head ached so severely I thought my skull was crushed. Black specks floated before my eyes, and I had to grasp the bed to keep from falling. I had kidney aches, and scalded and I could pass only a few drops at a time. My body bloated. The pressure of so much water on my chest almost smothered me. I fell into a deep sense of weariness beneath my eyes. My skin had a shiny, white appearance and anywhere I pressed a dent would remain for hours. I became a nervous wreck."

A friend told me about Doan's Electro Pills and said I felt so bad when I found they were helping me. Continued use of Doan's completely cured me."—*Return to me, ARTHUR GOMEZ, Notary Public.*

**For more than Forty Years
Cotton Growers have known that
POTASH PAYS**

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this, 6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

**20 per cent
MANURE SALT**

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also, 100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three **Standard GERMAN Potash Salts** that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.

DO IT NOW

GREAT LITTLE BALL PLAYER GREAT "FIXER," IS LARDNER

Only One Thing Wrong With Mary Ellen Was That, as a Pitcher, She Lacked Control.

Four-year-old Mary Ellen dearly loves to play with her seven-year-old brother and his little friends. To make herself what he labels a "good fellow," she imitates all their traits. Now she is permitted to go with them outside and play outside games.

And recently they have begun to play ball. Mary Ellen's part in this has been for the most part chasing stray balls. But in her heart she aspires to be a pitcher. And the other day when her mother was out in the yard she exhibited her ability in that line. "Don't you think I pitch good, mother?" she asked. "Why, I throw out my leg every time I throw the ball—just like the man did out at the ball park."

And she did, too, every time, though the ball went wild and landed quite in the opposite direction from which it had been aimed. Exchange.

His Strange Way. "Mr. Gloom," sternly said the candidate for alderman, "I understand that you have been saying that I am too big a fool you wouldn't vote for me even if there was nobody else running."

"You are an even bigger fool than I thought," snarled J. Fuller Gloom. "If you rush around notifying people every time you happen to understand something!"—Kansas City Star.

Even a blind man can find trouble without much difficulty.

Had a Clean Mouth.

Little Johnnie, while lunching with his aunt one evening, shocked that estimable lady by licking his spoon clean before putting it in the sugar bowl. "Johnnie," remonstrated Quintie, "stop, that is a dirty thing to do!" "Oh, don't worry, auntie; it's all right. My mouth is just as clean as anything. Ma washed it out with soap this morning."

A man isn't as anxious to have his wife forgive his sins as he is to have her forget them.

**Each Cup Of
INSTANT POSTUM**

contains the same uniform quality of goodness that makes this table beverage so popular.

Make it strong or mild as you prefer by varying the quantity used.

No wonder so many prefer it to coffee, not alone on account of taste but because of its abundant healthfulness. Truly.

There's a Reason for Postum.

IN GAY SWEATERS

Garments of Color Are Copies of the Winter Styles.

Cheery Shades in New Country Clothes Have Been Provided by the Manufacturers.

The brilliant colored sweaters seen in the shops are copies of those worn during the winter season at St. Moritz, notes a fashion authority. Some of the loveliest are of copper colored silk in the middle models narrow bands in a contrasting color are knitted at the waistline. A yellow angora has brown bands at the waist. Accompanying it is a yellow velvet encircled with a brown ribbon knotted in a pretty bow at the side. In sweaters of the mock-tuxedo type sleeves are elbow length while those of Tuxedo cut usually have full length sleeves.

Collars are of various shapes and sizes. They may be large enough to form a scarf with long ends or so small that they are nothing more than a neckband. Or sweaters may be collarless. A change from collars and cuffs of the angora, which we have had for several seasons, to the extensive use of those crocheted of chenille, is seen on this summer's sweaters. The chenille, while very becoming retains the soft effect that made the use of angora so successful. A large, rolling collar of brown chenille is most effective on a middy sweater knitted of French blue wool.

While the conservative navy blue and black sweaters are still smart and distinctive, a great many bright colored ones are worn. Dark sweaters are practical, it is true, and for some reason they became fashionable; but after all, there is nothing like a cheery color in country clothes. There are many ravishing blues that custom dealers bar from wearing on the streets of the city that those who have a love of

cheerful and tunie dresses are to continue; in fact, the autocrats of fashion are in mood complaisant; they fully recognize the fact that times are hard and that we are obliged to make the best of things. And so we are happily given a good deal of license in sartorial matters and are to continue to enjoy it.

Some of the new dance-tea frocks are delicate and ready; most of them are formed on straight outlines, though a bunched effect at the sides is introduced with the aid of wide ribbons, arranged in loops and ends, or waterfalls of chiffon and lace. No doubt about it, the tunie pattern is still with us, and it is likely to remain. It is not the long, plain tunie of yesterday, but its more ornate sister who goes in for being fluffy, and who has a weakness for furbelows.

It is not the long, plain tunie of yesterday, but its more ornate sister who goes in for being fluffy, and who has a weakness for furbelows.

Chiffon and tunic dresses are to continue; in fact, the autocrats of

fashion are in mood complaisant; they fully recognize the fact that times are hard and that we are obliged to make the best of things. And so we are happily given a good deal of license in sartorial matters and are to continue to enjoy it.

Some of the new dance-tea frocks are delicate and ready; most of them are formed on straight outlines, though a bunched effect at the sides is introduced with the aid of wide ribbons, arranged in loops and ends, or waterfalls of chiffon and lace. No doubt about it, the tunie pattern is still with us, and it is likely to remain. It is not the long, plain tunie of yesterday, but its more ornate sister who goes in for being fluffy, and who has a weakness for furbelows.

CITY ECHOES.

Selling at cost all summer millinery on hand. The Specialty Store.

Mrs. Mary Webster of Algiers, La., is visiting at the home of Mrs. O. Fayard in Main street.

Mr. Alvyn Ansley recently returned home from St. Louis, Mo., and will spend a while here with home folks before returning to his duties.

Miss Judith Sotorno has returned from a visit to Marksburg, La., where she visited at the home of her relatives, Judge and Mrs. S. Allen Bordelon.

The cake in competition for the benefit of the Catholic church entertainment was won by Mrs. Rose Benigno, The Echo has been requested to announce.

Mr. Edmund B. Mason, well-known New Orleans architect, was a visitor to Bay St. Louis during the week. He was seeking a location to build a typical seaside bungalow.

Mr. Peter Gragnon, successful business man of Memphis, Tenn., connected with the sale of cotton, is a prominent visitor to his mother, Mrs. Amelie U. Gragnon, and family, on the beach drive.

After most busy session and accomplishing much, the Board of Supervisors adjourned Monday, after a session extending over a week. The entire official proceedings will be found published in full in this issue of The Echo.

Odds and ends of summer apparel at sacrifice. The Specialty Store.

Mr. A. G. Osoinach, the astute editor of the Daily Herald, Gulfport, accompanied by his accomplished daughter, Miss Mary Osoinach, were week-end visitors to Bay St. Louis, guests of their relatives, Mr. John Osoinach and family.

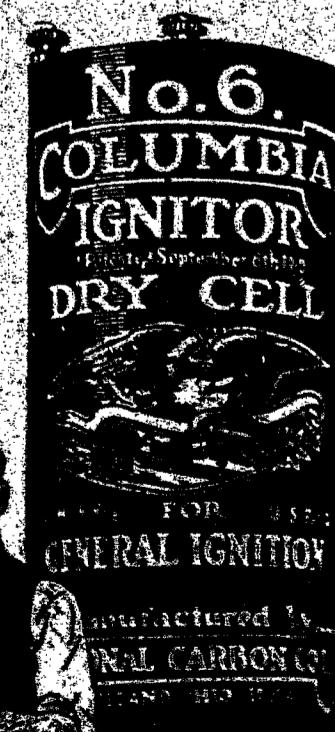

There will be an entertainment at Woodmen Hall, Saturday, July 24th, under the direction of Mr. and Mrs. Shields, for roofing of Episcopal church. Dancing, cards, refreshments. Admission 35 cents; reserved seats, 15 cents.

Judge Steven's resignation from the Mississippi Supreme Court takes effect October 1st. He will practice law at Jackson.

Columbia dry Batteries

A. A. KERGOSIEN, Clerk.

TO THE TAX-PAYERS OF HANCOCK COUNTY, STATE OF MISSISSIPPI:

(Seal) — Clerk of Said Board.

What Is a Station to Station Long Distance Call?

One station to station calls the person originating the call does not specify a particular person to be reached, but gives only the number of the telephone called or the name or address under which the telephone is listed.

The station to station rate is and properly so, less than the rate for the person to person call. The company can, unless through its own fault, always reach any station desired connected with its system, while it cannot guarantee that any particular person desired will be at the station to talk.

Therefore, a station to station call represents a minimum effort and cost to the company in establishing a telephone communication between any two stations at distant points, and it is both logical and right that this rate should be relatively lower than when the company must do other things at the request of the patron, such as not only getting a station connection, but also locating and getting a particular person to the telephone.

The evening rate on station to station calls made between 8:30 and 12:00 midnight is one-half the day rate. The night rate on station to station calls made between 12:00 midnight and 4:30 a.m. is one-fourth the day rate.

Report charges are not made on station to station calls.

If there is anything about our rates and practices you do not understand, call the business office and we will be glad to explain the whole details to you.
